## **Septic System Regulation:**

- Michael Kitch, Laconia Daily Sun, wrote an excellent article on the status of the proposed septic system regulation based on his interview with John Edgar, Angela Labrecque and Randy Eifert. It was published in the Saturday 6/30/12 paper.
- Based on the above article, the Rotary Club requested a presentation on this topic for their meeting on July 11, 2012.  
**Action Item: Randy Eifert & John Edgar – Arrange a date to make the presentation to the Rotary.**
- Prior to this meeting, Randy had asked Gary Spaulding to review the septic system regulation draft and give us his opinion on the regulation at this meeting. The rest of this meeting was devoted to getting Gary's thoughts/suggestions on the regulation.
- John Edgar & Randy Eifert took notes on Gary's suggestions for possible modifications to the regulation including several suggestions for additional topics to add to the evaluation report for the undocumented old septic systems.
- The WWAC is very appreciative for Gary's time and knowledge that he shared with us. Thank you Gary.
