## **Comments on the 7/16/2012 Septic System Workshop:**

- Having the septic tank pumped out annually or biannually is a good investment to protect the life of the leach field. Perhaps \$300 to pump out vs \$15000 to replace a leach field.
- Cess pools are in failure per the state’s standard.

## **Septic System Regulation modification discussion:**

- Randy Eifert’s modifications per Gary Spaulding’s comments were reviewed and discussed.
- Comments from the WWAC were noted.
- Randy and John Edgar will revise the regulation per our discussion.
- This regulation is on the agenda for the Meredith Selectmen’s workshop on Sept 17<sup>th</sup>.
- Pat Tarpey reported the Winnepesaukee Watershed Committee is pursuing grants to assist residents financially for septic system evaluations and/or installations.

Meeting was adjourned at 10:14 am.
