Ken Colburn                      DJ Quadliaroli                      Nate Torr

## Staff Present

Angele LaBrecque

## Staff Absent w/notice

John Edgar

## Guest

Chris Wald, Director of Maintenance Inter-Lakes School

## **Minutes from May 12, 2011**

The primary agenda item was a presentation by Chris Wald with regards to the energy efficiency changes that were implemented at the Inter-Lakes School complex most of which were recommended through an analysis by Honeywell Inc. in 2005.

## **Electric, Oil & Propane Usage**

Following the recommendation from Honeywell, changes were made in the following areas.

- #1      lighting
- #2      Envelope improvements
- #3      Pumps & Drives upgraded to high efficiency
- #4      New Roof on High School
- #5      Pipe & Duct insulation
- #6      Heat recovery air circulators
- #7      Pre-heaters for oil
- #8      Paddle-Fans in gymnasium

The net of all these changes in the first year were;

- #1      Saved \$109,000 in electric usage
- #2      Saved \$114,000 in oil & gas usage

## **Meredith Energy Committee**

**June 9, 2011**

**Approved**

### **Grant Updates – Angela**

The audits on the municipal buildings from IBEA will arrive next Monday. Angela will forward copies to members for review.

The lighting upgrade schedule is still unknown as the sole provider is backed up.

SDES continues their work on the Energy Plan.

### **General Business**

The subject of adding a new member to the committee to replace Wendy was discussed.

**Meeting Adjourned at 8:46 PM.**

**Next Meeting July 14, 2011**
